Dear Parents,

This afternoon we were notified that an individual affiliated with ICHS tested positive for COVID-19. Because of the proactive measures taken by the high school staff and administrators, no one at ICHS was exposed to this individual during the individual's infectious period. We've worked closely with the Lapeer County Health Department to confirm.

No staff or students will need to be quarantined as a result of this COVID case. As such, this message is purely informational.

Should the district experience any school affiliated cases of COVID, we will continue to provide timely communication to parents and families.

As always, to prevent the spread of COVID-19, individuals should:

- Stay home if sick
- Wash hands frequently
- Disinfect commonly touched surfaces
- Avoid touching face; avoid shaking hands
- Wear masks, as prescribed and follow suggested guidelines for social distancing

If you have specific questions or concerns that we can address, please do not hesitate to call or email.

Sincerely,

Stu Cameron
